Nomination of Sean Crowley as President of OISTAT

To whom it may concern:

This is to formally nominate Sean Crowley, with his agreement, as President of OISTAT on behalf of the Society of British Theatre Designers OISTAT Centre in the UK.

We believe that Sean Crowley is eminently suitable for this important role due to his unquestionable leadership qualities, organisational abilities, interpersonal skills and enthusiastic support of OISTAT. His talents in these areas are evidenced by the undoubted success of Scenofest at PQ'07 and World Stage Design in 2013, both of which he led with the wholehearted support of practitioners and students from across the globe.

Sean is active in his own professional practice as a theatre designer/scenographer and, as Director of Drama at The Royal Welsh College of Music and Drama, is a highly esteemed educator in the subject of theatre and performance.

It is with all this in mind that we consider that he is an ideal candidate for President.

Yours sincerely,

A handwritten signature in black ink that reads 'Peter Farley'.

Peter Farley
