

Statement of Intent

I am seeking election to the Executive Commission of OISTAT, because after more than 18 years of participation in OISTAT activities and projects, ranging from chairing the Technology Commission and helping with World Stage Design Exhibitions, PQs, and Scenofests, to the recently-completed Cuban Theatre Equipment Project, I feel I am at the stage in my life where it is time for me to take a more active part in the management and governance of the OISTAT organization. If elected I will be proud to represent CITT/ICTS and further the mandate of OISTAT and its international work.

John B. Mayberry
