ČOSDAT

divadelních architektů a techniků

Prague, 2016/10/13

Dear Colleagues,

as the Headquarters of the Czech Centre of OISTAT/ČOSDAT we are delighted to support the candidacy of Mr. Jan K. Rolnik in OISTAT Executive Committee elections.

Jan has been in contact with our Centre for more than 8 years and he always was one of the most active and the most helpful collaborators and members.

Jan is one of the co-founders of the Institute of Lighting Design in Prague, which as the sub-organization of ČOSDAT has reached out many successes and has become very important education and promoting institute in the field of its activities in our part of Europe. Jan is very active member of our organization as well, participating in many projects of the Czech Centre OISTAT/ČOSDAT.

Jan's personal abilities and professional experience make him a strong candidate for OISTAT Executive Committee. In our opinion, Jan is not only the person who understands the specifics of OISTAT, but also the person who could make a major contribution in future development of OISTAT.

In the name of the Czech Centre of OISTAT/ČOSDAT,

  
.....  
František Fabián, chairman
